

Second hand kiln plant:

Referenz No.:	98/7/021
RIEDHAMMER type	TSR 38/84/30-G
Kiln type	Fast firing kiln with cars
Product to be fired	Tableware
Firing process	On- and inglaze of tableware
Production output (designed)	Onglaze approx. 8,5 t/24 h Inglaze approx. 5,67 t/24 h
Year of construction	1998
Kiln length (useful) Total plant length	38.000 mm 46.000 mm
Useful width	840 mm
Useful height	300 mm
Useful firing room	8,86 m ³
Number of burners	20
Number of burners groups	5
Max. operating temperature	1300° C
Atmosphere	Oxidizing and neutral
Fuel	Natural gas
Connected load fuel	1000 kW
Process control system	Allan Bradley PLC5, MMI: PC with Wonderware
Connected load electricity	480V, 60 Hz, 85 kVA
Place	USA
Available	Immeadiatly
Accessories	- automatic car circulation system - 32 kiln cars with insulation - standby fan for combustion air and flue gas
